

Edward P. Schneider
Chairman & President
Triton Holdings Limited

Mr. Schneider is Co-Founder, Chairman & President of Triton Holdings Limited, the ultimate parent of a group of companies engaged in the ownership, operation, management and sale of international transportation equipment. Triton was founded in 1980 and is privately held.

Through Triton Container International Limited, Triton owns and manages one of the world's largest fleets of marine intermodal cargo containers, which it leases to shipping companies worldwide via nineteen subsidiary companies on six continents.

Through Triton Aviation Limited, Triton owns and manages a fleet of commercial passenger and freighter jet aircraft which are on lease to airlines, tour operators and air freight carriers operating domestically and internationally.

Through International Asset Systems, Triton is a leading-edge provider of internet-based connectivity, data management, work tools and management information to the global transportation industry.

Mr. Schneider holds an A.B. degree with distinction from Dartmouth College, where he was a Daniel Webster National Scholar, and an M.B.A. from Harvard Business School.

He is Chairman Emeritus of the Board of Trustees of Oakland's College Preparatory School, a Governor of The University of Haifa, and a Director of various corporations.
